ENSTOR Announces Open Season for Katy Storage Hub, Houston Storage Hub and Alberta Hub Firm Storage

ENSTOR Operating Company, LLC will be accepting bids for firm storage capacity at the Katy Storage Hub for service commencing April 1, 2005. Non-binding bids will be due by 5 p.m. CST on Oct. 29, 2004. All successful bidding parties will be contacted to further negotiate contract specifics in mid-November 2004.

ENSTOR's Katy Storage Hub is interconnected with eight Texas intrastate and four interstate pipelines and has a total storage capacity of 21 Bcf. Firm storage services of up to five annual cycles will be provided at this heavily traded location. ENSTOR's Katy Storage Hub is located at the crossroads between the Texas intrastate, Gulf Coast and Midwest markets. This storage facility can also be utilized as a header system providing additional services to customers in this area.

ENSTOR Operating Company, LLC is also accepting bids for firm storage capacity at the proposed Houston Storage Hub. The deadline for non-binding bids for this project also has been extended to 5 p.m. CST on Oct. 29, 2004. ENSTOR's Houston Storage Hub is expected to interconnect with seven interstate and intrastate pipelines and provide firm storage services of approximately 10 annual cycles. Total working storage capacity would be 18 Bcf upon completion of this facility and have a maximum daily deliverability of 1,500,000 MMBtu/d. This storage facility also could be utilized as a header system allowing customers to capture value between the various pipeline locations.

Parties interested in bidding for firm storage at the Katy Storage Hub or the Houston Storage Hub should contact ENSTOR's Director of Marketing, Patrick DeVille at (281) 374-3053 or visit www.enstorinc.com.
